Kani

Let's Fuck

Hi... My name is Kani and today I feel horny as hell. I wanted my boyfriend to come over so we could play around. I wanted to taste his cock today and I wanted to play with it. It's so cool to start with a wimpy piece of flesh and when you play with it a little bit, it becomes this still rock-hard thing that beckons to play with. Then it's time for him to lick me, and then fuck my pussy. It's wet and warm and willing. Then after we exhaust ourselves with that, I'll offer up my ass to him (his favorite).

You guys are all alike. You want what you can't have and then you chase it down like a wolf after their prey. Sometimes you win sometimes you don't. I have studied the Masters and Johnson report on Human Sexual Response for years and it has taught me how you guys think. It's all about pussy, which is fine with me because I have one and I like to have it fucked. And I have a mouth, which you guys want to have wrapped around your cock and that's okay. And I have an ass, which you guys will never get!

i'm gonna-oh-ohhhhhhh!

It's not that I wanted to remain a virgin till I was 18. That certainly was never my wish. I had the same needs as my wilder friends, the same itch deep in my horny little pussy, the same tingle in my boobies whenever some guy kissed me and slipped me a little tongue. I also had the same curiosity about what sex—real sex, not just groping around in the front seat of a car—was really like.

But real sex takes two people. And none of my boyfriends was willing. Oh, I went through a succession of them, Joey and Tommy and Eddy and John, but they were all too afraid of my father. My boyfriend—whoever that was at the time—would get in the car with me, and I'd snuggle up to him while he was driving. "Why don't you pull over someplace dark?" I'd suggest in the deepest, sexiest voice I could drum up. And maybe he even would.

I'd be as bold as I could be without seeming like a slut. I'd put my hand on the back of his neck and tickle it with my fingertips. I'd kiss his lips, and I'd open my mouth a little bit so he'd get the idea that he could slide his tongue into my mouth real easily. When I felt that tongue come slipping in, I'd suck on it, draw it deeper into my mouth, and shove my upper body against his, so my boobs pressed into his arm and his chest. I knew he could feel how hard my little nips had gotten. I could see that big old bulge straining hard in his pants, trying to burst through the material covering his crotch.

But right about then, the guy would sigh, edge away from me, start the car, and say something like, "Maybe I'd better take you home now, Rache."

It's hell being the sheriff's daughter. Especially in a small town, where everybody knows your

daddy.

I couldn't wait till I was 18 and old enough to leave home. I had a plan. I'd move to the nearest city, get a job, get an apartment, and cut loose. And that's just what I did. Mama and Daddy didn't like it one tiny bit...but there was no way they could stop me.

The very first week I was there, I threw a party. I posted a notice downstairs by the mailboxes, inviting all the neighbors, and I asked everyone at work. I also told everyone to bring as many friends as they liked. I figured with all those people there, I'd surely find somebody to relieve me of my cherry.

Did I ever!

Ray and Keith sort of both got the honor. Let me explain. Ray was the first, but he didn't exactly fuck me—he fucked my mouth, which was also a first for me. I guess once you've taken a guy's dick into your mouth, though, you're not exactly entitled to call yourself a virgin anymore. My pussy remained untouched till later in the evening—that was where Keith played his part. But eventually I lost that cherry, too.

Ray had come to the party with one of the guys from the office. He started getting cozy with me, and we wound up in a closet...the only private

place we could find. But I had no birth control and he didn't have rubbers with him, so he wouldn't fuck me. "We could use our mouths, though," he said.

The closet had a light in it, so I watched in fascination when he took his dick out of his pants. I was nervous putting it in my mouth. I didn't know how it would feel, how it would taste, or if it would choke me. I was real hesitant and approached it very carefully. First I stuck my tongue out and took just a tiny taste. I wanted to do this...oh, I wanted it so badly that my whole body was tight and tense with every muscle hard as marble...but I was still scared. So I took the tiniest taste.

Well, it was weird, real strange, the way it was warm and kind of soft-over-hard, and like nothing I'd ever tasted before. The skin had one flavor, and the oozy stuff coming out of that hole in the tip had another flavor. Together they were really strange but so exciting! My pussy was already so wet I had soaked clean through my panties and was dribbling sex-sauce down my thigh. When I started to lick on that big, hard thing, the sex-juices really started flowing. It was like I had a little river coming out of me.

Well, I couldn't help myself then—I just had to finger myself a little, through my soaked panty-crotch, just to satisfy this real strong need I had to make myself feel good. But when Ray looked down and saw where my finger was, he said, "Hey, cut it out—that's my job! Don't worry, baby. I'll take good care of you. I'm not one of those guys who's all take and no give. I'll eat you out good after you get me off."

So I took my finger off my panties, but then I had to keep squeezing my thighs together—anything to give my pussy what it needed. I was just too hot. I

couldn't totally ignore my throbbing slit.

Well, meanwhile I was licking up and down the length of his dick, slurping and slobbering, and I sure must have been making him feel good, the way he was moaning. I kept having to shush him up because I didn't want anyone opening up the closet and finding us in there. Then Ray groaned, "Put it in your mouth, baby, please. Suck it some."

I wasn't sure I was ready for that. I was afraid I'd choke or gag. But I wanted to. Oh, I wanted to so badly! So I took a deep breath and let it slide halfway into my mouth. Then I exhaled partway and closed my lips around it.

"Suck, honey. Suck. Suck on it," Ray whispered. His body was kind of rocking back and forth, but he was being real considerate about not ramming that big old piece of meat down my throat. He really let me take it at my own speed.

So I tightened the grip my lips had on his dick, and I started to really apply some suction while I slurped more of it into my mouth. Well, I got too enthusiastic and took more than I could handle. I gagged and my eyes started to water, but meanwhile I'd gotten a real good idea of why girls like to suck dicks. I mean, until I started gagging, it was really beginning to feel special. Hot. Like, this was something I could get used to doing. In a really big way.

So when I let go to catch my breath, I latched right onto him again. This time I took things a little slower, but I started running my tongue all over the pointy dickhead at the same time I was sucking. Ray was oozing just a ton of that sticky pre-goo into my mouth. And I found I was really getting used to the taste.

But I was getting so hot from what I was doing

i'm gonna-oh-ohhhhhhh!

that I kept making these little moaning-type noises. Whimpering, I guess it was. Kind of an “Uhhh, uhhh, uhhh,” in this high-pitched voice. At first I wondered where the noise was coming from—I didn’t even realize I was doing it. Not till Ray said, “You were worried about someone hearing me! You’re making more noise than I was!”

By now he was getting real hot. When I looked up at his face, I could see how it was all scrunched up with his effort to cum, and when I touched his leg it was as hard as marble from his muscles being so tense. Then he had another request: “Play with my balls.” Well, I’d never touched a guy’s nuts before, but his pants and underwear were down at his ankles, so there was nothing to stop me except for my feeling nervous about touching him there.

I took a chance and put my hand under his big sac. The skin there was loose and hairy and sweaty, but when I closed my hand around it carefully and started to squeeze it a little, I felt his balls draw up toward his body. It was the weirdest feeling! And of course, all this time I was still sucking on his meat.

I had more of it in my mouth, too. I had it all the way to the back of my throat now. I was sucking on it real hard and moving my mouth back and forth on it real enthusiastically. And I guess now Ray felt that I was ready to take more, because he started moving back and forth, punching his big dick in and out of my mouth. He kept thrusting it deeper and deeper, so I had to wrap my hand around the base of his shaft to stop him from feeding me more than I

could take.

But as long as my hand was wrapped around his dick, I kind of squeezed his fat thing rhythmically and moved my hand up and down a little. And from the way Ray groaned, he sure liked that! He put one hand in my hair and got a good grip on me. Then he started guiding my head back and forth to get me to suck deeper and faster. And he was still powering his pelvis back and forth, making his dick slide in and out of my mouth. I was taking it real easily now, too. I was so proud of myself. I don’t know which was better: feeling like I’d finally grown up and was doing big-girl stuff, or just the feel and taste of his big, thick meat in my mouth.

“I’m gonna cum,” he suddenly warned me. “Will you let me cum in your mouth?”

I just nodded my head for Yes. I didn’t want to take his meat out of my mouth for even a minute to answer him. Well, he groaned out a warning: “I’m—I’m gonna—oh—ohhhhhhhh!” And I just got ready for what I figured had to be the best surprise I was ever going to get. I really was dying to know what the real stuff tasted like. A second later I found out when his dick started spurting syrup into my mouth like a hose under high pressure. I don’t suppose there was really that much stuff there, but for a first-timer like me, it sure felt like a lot. And oh! did it taste wonderful!

I had to gulp to keep up with the flow, and a little bit of it trickled out the corner of my mouth and down my chin. But I scraped it up with my index finger, and after I was sure I’d drained every last

drop from Ray's wilting hose, I let go of his dick and licked the drops off my finger. But not till I was sure there was nothing more in the original source.

My hand was still on his ballbag, and I was squeezing those big, manly nuts. They seemed to have shrunk or gone up into his body or something, but the hairs tickled my palm. There was something so hot and sexy about holding a pair of nuts in my hand for the first time. Just thinking the word "nuts" seemed so dirty and bad and wonderful. I felt like I was being so wicked and so grown-up by doing what I'd done. But there was more! Ray had promised to go down on me when I was finished sucking him off. And now was the time.

I still had all his stuff in my mouth. It tasted so good that I didn't want to swallow and lose the flavor. But by now the flavor was pretty well diluted with my spit anyhow. So I reluctantly swallowed. Then Ray said, "Stand up, and I'll crouch down. It's the only way we're gonna be able to manage in this closet." So I stood. My leg muscles were sore and cramped. And Ray crouched down and lifted my miniskirt and pulled my panties down. Then I felt his tongue touch my clit, and I swear I came immediately!

No shit! He touched me once and I started to tremble. Well, I knew it was a climax, because I'd certainly given myself enough orgasms with my finger in bed at night, but I'd never cum instantly like that, and I'd certainly never felt this good when I did it to myself!

Even while I was coming, I knew I had another one in me. So as I shook and trembled and shuddered and groaned, I said, "Don't stop. I need to...you know...again. Keep going...please."

I was embarrassed to say it, and I felt so wild and brazen, but I liked that I was being wicked. It was such a change. But never again did I have to be Daddy's good girl. Ray didn't even know my father. He wasn't at all afraid to do all kinds of wicked, nasty things in that closet...like putting his tongue up against my slit and licking me till my legs started to quiver like they were going to give way under me. I put my hand on the top of his head and held on as I built up to another major eruption, and then I shoved my pussy up against his face and bathed him in the massive outpouring of my juices. And a few seconds later, with my pelvis pressed forward and Ray's tongue firmly latched onto my clit, I came.

I pulled his hair. I screeched. I didn't care who opened the closet door and saw us. I was announcing to the world that I was no longer a virgin. My pussy was unbreached, it's true, but a man had had carnal knowledge of the most intimate kind with my pussy. After that, anything else would be anticlimactic.

In fact, when Keith deflowered me (in his apartment down the hall, while the party revelry went on minus the hostess) half an hour later, it was almost an anticlimax. Or maybe that's a poor choice of words, since I certainly did have another orgasm. But I felt I had lost my cherry in that closet, when my mouth and Ray's dick, then Ray's mouth and my pussy, had intimate knowledge of each other.

I was no longer the sheriff's little girl. I was a free, grown, totally sexual woman. And I was loving every minute of it while I looked forward to a lot more fun!

let's make this day unforgettable

I had my anal cherry popped in the back seat of a convertible by a guy I'd known for only a few months. He was a very smooth talker and talked me right out of my panties. I've learned a lot since then and one thing I really like to do is to please my man. Even if it means that my ass hole is there for the licking and fucking.

ELEKTRA

My boyfriend insisted we do some sexy shots and send them into some magazines. A didn't want to do it at first, not because I was shy, but I had too much schoolwork and had just started college. Well, he convinced me to do it and we sent out a few. Hope you like them.

Trinity

I love wearing lingerie in the bedroom. It brings added spice to our lovemaking. There's something really sexy about wearing garters and stockings to fuck in. A delight not lost on my man, either. So if you haven't worn anything sexy for a while, do you both a favor and head to a lingerie store and get a sexy outfit. Your man will appreciate you. And you'll be appreciated even more if you drop your panties and give him your anal cherry. Keeps working for me.

Mandy

I love to give head and get analized. Even though it's really for them, I like to pretend that I'm doing it for me and that really gets them off. But either way, I don't think they really care as long as they get off on it. While I like girls and having sex with them, my body wants a cock and the strong man-muscles that I can lose my sex in.

i got a hit and scored a run

Hi, my name is Ann.

I'm thirty years old and have lived in Tulsa, Oklahoma all my life. I only work part time at the local bakery so I'm able to take care of my mother who suffers from some kind of dementia disease. I work the morning shift and get off at 4 pm after the lunch crowd clears. I go home immediately after work everyday to care for her. My father left us when I was six so she's been my responsibility for the last 20 years that she's been ill. Needless to say I did not go to college and even had to leave high school during my junior year. I had a boyfriend my freshman year but we were too young to do anything. I have not dated or gone out with anyone because my mom was my full time responsibility.

This past month, sadly, dear mom passed away and I've been busy taking care of her estate. My neighbor Jules, who is 36 years old, has come over to console me and help me out around the house. In conversations, I've mentioned to her that I've been feeling empty and lonely since mom has passed. After dedicating my life to just my mom and no one else, how would I go on? I told Jules that I had not been on a date in years. In fact I was still a

virgin. I watched as Jules's mouth fell open. "What!" she screamed. "Holy shit," she said. "We've gotta get you out." I reluctantly said, "Ok." Jules went on and on about how I would need a make over and a few pieces of new clothing. She

felt it would help my self-esteem. The following week, Jules made a hair appointment for me at her salon. I nervously sat as the stylist cut my long hair in to a more modern style. She said it suits my face better. I knew it would take some getting used to. I left the salon to meet Jules at the local coffee shop in town. She didn't even recognize me at first. How she screamed with excitement when she saw me! I fed off of Jules' energy. We both were laughing and smiling at the wonderful job the stylist has done. My hair felt and looked great, and so did I. Finally.

After we left the coffee shop, we went into town to shop for new clothes. Jules knew I was on a budget. So we hit a couple of the less expensive stores. Jules was so patient and helpful with me as I tried on some clothes. I ended up with a new pair of jeans, a few tops and a dress. I felt so happy to have her as a friend. The next day at the bakery, all of my co-workers were thrilled to see me with my new hairstyle. I felt like a new person. When I got home, there was a message from Jules on the machine. She called to invite me to her company's picnic this weekend. I called Jules to let her know that I would love to attend. She had never invited me anywhere

before. I was glad to be thought of anyway.

Jules came to pick me up on the day of the picnic. I felt great in my new jeans and off the shoulder blouse. At the picnic, Jules introduced me to everyone she knew. One person stood out to me the most. His name was Troy. He was in charge of getting the softball game together. I'd never played baseball before. Before I could say no, Jules had already signed us up. As the day went on Jules never left my side. She made me feel so special. I guess she knew I would be uncomfortable without her. At 2:00 the ball game would be beginning. I was starting to get very nervous.

When it was my turn to bat, Troy could see how awkward I was holding the bat. So he stood behind me to demonstrate the right way to hold it. After a moment he backed away and the ball was pitched and by some stroke of luck I hit it – right back to the pitcher who threw me out. As I jogged back to the bench I passed Troy and he high-fived me. That was cool. The game finally ended and we won. I did contribute a little bit; I got a hit and scored a run. It felt great.

I hadn't had this much fun in – well 40 plus years. Jules saw that I became more comfortable and social as the day worn on and she didn't have to baby-sit me anymore. As the picnic day ended, I had had a few drinks and was feeling pretty good. Most of the people were gone. Jules was walking around picking up trash and Troy was gathering up the gear. He saw mw and

asked if I could help him. I went over to the ball field and picked up the few bats on the ground and stuffed them into the bat bag. Troy was grabbing the bases and loading them into his SUV.

I couldn't lift the bag so I began to drag it over to the SUV. He saw me and came over to help. We laughed about it as we finished with the gear. Jules walked over to us and said she was ready to go. Troy quickly offered to give me a ride home. Before I could say anything, Jules said that would be great and hustles off. The park was now empty except for Troy and me. It was getting dark and I was hungry. I asked if we could stop for a bite to eat before taking me home and he said sure. We climbed into

the SUV and he started the engine. – But it wouldn't start. He looked at me and cranked it again, but no go. He sat back and said he'd give it a minute, so as we waited we made small talk, but I was looking at him thinking what a great guy he was and if he was going to kiss me. He tried to start it again and it just wouldn't start, so he picked up the cell phone and called the auto club, apologizing the he was not very mechanically inclined. I laughed and said I wasn't either. The mechanic said it would be forty minutes to an hour before he could get there. Troy said 'no problem' and hung up. We settle back and waited.

After a few sentences the conversation started getting personal. He asked if I had ever been married. I said no, that I had been taking care of my mom for a long time and she had passed a couple months ago. He said he was sorry to hear that, but thought I was in very good spirits about it. I thanked him, and blurted out that I hadn't dated during that time. He paused and leaned over to kiss me. I was surprised but did not back away. I met his lips and the fire erupted within me, but I held back. He briefly backed away but I reached behind his head and pulled him back. Our lips played for a bit before tongues began to lick each other's lips. Then they were thrust deep into mouths and the passion grew. We backed off and looked at each other. He reached over and touched my neck and let his hand drift between my breasts.

Our lips played for a bit before tongues began to lick each other's lips. Then they were thrust deep into mouths and the passion grew.

He undid a button and then another. I grabbed his hand and he stopped. But I wanted him to touch me. He gently squeezed it and I let out a yelp that had been harbored for decades. I heard myself and laughed when I realized how loud I was. Inside my shirt, he switched our hands so he was holding mine and pulled it to him. He lowered it to his crotch and I felt his manhood under the tight jeans. Troy broke my silence saying that he could show me how to hold his cock like he showed me how to hold a bat. I gave a nervous laugh and said okay.

I had never seen a cock this close before. I couldn't even remember when the last time I had ever seen one. Tall and erect with a glistening head that beckoned my fingers to touch it. Troy let go of my hand and I reached over to touch it. I was surprised by the softness of the skin and the firmness. I swirled my finger around the tip as he groaned softly. I grasped the shaft and he groaned louder. He took my wrist and moved my hand up and down, letting go after a few strokes and beckoned me to continue. By now I was leaning over the console and was pumping his rod with a rhythm that he seemed to approve of.

He asked if I had ever licked one before. I looked up at him and giggled saying I had never touched one, let alone lick one. He asked if I would and before he could finish I had my mouth around the head tasting him and licking like a kid on their first lollipop. The sweet

smell of his manly musk intoxicated me even more. I found that I was sucking him hard and bobbing my head up and down his shaft trying to get in as much as I could. I searched for his balls over the fabric and found them pinned to his inner thigh under the jeans. I rubbed them and his dick seemed to get even bigger.

He grabbed my hair at the back of my neck and pulled my head up into his kiss as I continued pumping his cock and rubbing his balls. Out tongues were missiles of passion as my pumping became more furious. He began to moan louder with his mouth still on mine. He pushed my head down as he pulled my hand away. I tried to resist but found myself zeroing

in on the head and engulfed it with my mouth. Instantly I felt a warm gush fill me and I was shocked by its velocity and force. He kept my head there as he kept spurting and spurting. The cum started oozing out the side of my mouth. I tried not to gag as I tried to swallow with his dick still in my mouth. I finally did and he eased his hand off my head. He said that was great and he could not believe I had not done that before.

I tried to straighten up my clothes as he put himself back in his pants. Just as I began to say something a pair of headlights pierced the darkness heading towards us. I composed myself and settled back in my seat. He exited the door to meet the auto club guy. They mumbled some things to each other and the hood came up. Within a few minutes I heard the hood slam and Troy got back in the truck. He looked at me and asked if I was all right. As we pulled out he asked if I would still like to get a bite to eat, or if I was full. I smiled and he laughed. I got the joke and laughed too.

In the minutes I waited while they worked on the truck, I reflected on our last half hour and told myself it was okay. I felt my pussy get wet and had feelings aroused down there that I had never felt before. I felt like a woman who just pleased a man because I wanted to. And you know what – it's now my turn and he's going to please me.

"Yes, Troy. Let's go, I think I'm getting hungrier."

I looked up at him saying I had never touched one, let alone lick one. He asked if I would and before he could finish I had my mouth around the head...

**My ass?
Yes!**

julie night

I like to think that I'm a hot babe who knows exactly what she wants. And that's usually a big dick stuffed in one of my holes. I learned how to open my throat wide and swallow the whole cock down my throat. I still gag once in a while, but I'm usually able to take it all. My adventure in ass-fucking are still going on and I really like it.
